01 Brand Story & Values

WHO WE ARE

FurDial is a community for pet parents, built by pet parents. We exist to remove the hundred small frictions of pet care in Mumbai — one problem at a time — so parents spend less time worrying and more time enjoying life with their pets.

VISION

"To become India's most trusted pet companion brand — enabling every pet parent to care for, celebrate, and enjoy life with their pets, from the essentials to extraordinary moments."

CORE VALUES

Transparency

Absolute clarity across all SOPs and pricing. No hidden costs, no surprises.

Relentless Quality

Vetted experts, verified products, and uncompromising service standards.

Customer-First

Every step designed around convenience, peace of mind, and delight of both pet and parent.

02 Logo System

PRIMARY LOGO

The icon mark — cat & dog cradled in caring hands. Always reproduce from the master file, never recreated.

LOGO COLOURWAYS

Four colourways cover every surface. Use the full-colour versions on brand-controlled backgrounds. Use knockout (all-white) on coral or photography. Use mono (all-ink/navy) for single-colour print.

CLEAR SPACE RULE

Breathing room = height of the "F"

Keep a minimum clear space equal to the height of the uppercase "F" in the wordmark on all four sides of the logo. Nothing — text, images, other logos — should enter this zone.

The logo must never be stretched, skewed, rotated, or recoloured outside the approved palette.

LOGO DON'TS

✗ Stretch or squash the logo

✗ Recolour outside the palette

✗ Place on clashing backgrounds

✗ Use low-resolution PNG files

05

Brand Voice & Tone

Approachable

Simple, friendly, conversational. We avoid corporate jargon and speak like a trusted friend who happens to know everything about pets.

EXAMPLE

"Got a dog but not enough hours? We've got you."

Witty

Clever, light-hearted, and playful. We celebrate the joy pets bring — a good pun is always welcome, as long as it doesn't undercut trust.

EXAMPLE

"Skip the cab refusals. We come to you. No fur, no fuss."

Empathetic

Deeply tuned to a pet parent's love, anxiety, and time constraints. Always reassuring and solution-driven — never preachy.

EXAMPLE

"We know how much they mean to you. That's why we vet every groomer, every time."

✓ DO WRITE LIKE THIS

- ✓ Use "we" and "you" — stay conversational
- ✓ Lead with the pet parent's problem, then the solution
- ✓ Keep sentences short. One idea per sentence.
- ✓ Use Mumbai-specific context (monsoon, traffic, cabs)
- ✓ End CTAs with energy — "Book now", "Let's go"

✗ DON'T WRITE LIKE THIS

- ✗ Avoid corporate speak ("leverage synergies")
- ✗ Don't use fear-based language ("your pet could get hurt")
- ✗ Avoid passive voice and filler words
- ✗ Don't be preachy or lecture pet parents
- ✗ Never use ALL CAPS except for brand name
